^aStatistical analysis performed by Jonckheere's test (trend) and Shirley's or Dunn's (pairwise).

^bStatistical analysis performed using the random effects model (trend and pairwise).

^cStatistical analysis performed by Cochran-Armitage (trend) and Fisher exact (pairwise) tests.

^dLitter weights adjusted for litter size. Statistical analysis performed by Jonckheere's test (trend) and Williams' or Dunnett's (pairwise) tests.
